Workshop			
AWS DEVOPS WORKSHOP			
Venue: Trendonologies			
Theme: Learning features of AWS platform			
Creation: Creating a cloud database and storing information			
Academic & Co-Curricular Achievements			

<p>PROJECT: DATA ATHENEUM</p> <p>Purpose: The file-based student application system has been very effective since many years . However, with the increase in the number of applicants, the education committee wastes a lot of time in terms of searching for the applicant record, in addition to requiring a large number of human resources which has led to high cost of operation. To solve such problems, this mobile app is developed to allow the user to apply for preferred colleges affiliated by Anna University and also the organization to save time and reduce on the cost of operation.</p> <p>PROJECT: Admission Plus: A Flutter based Student Enrolment System</p> <p>Purpose: Admission Plus is an online student registration system that utilizes It is a mobile application for students and University affiliated colleges that facilitates online application process for management quota. It reduces the manpower needed to facilitate an enrolment process. This application can be accessed by student and all the affiliated colleges.</p> <p>IBM-ICT ACADEMY PROJECT: Exploratory Analysis of Rain Fall Data in India for Agriculture</p> <p>Purpose: It is used to analyse the rainfall using data science. Based on the previous rainfall dataset by IMD, We will use machine learning to say when it is time for agriculture.</p>
<p>Extra-Curricular Achievement</p> <ul style="list-style-type: none"> - Participated in “Advanced Cpp” organized at Anjalai Ammal Mahalingam Engineering College by IIT BOMBAY. - - Member in Entrepreneurship Development Cell - Completed the course “Basics of Digital Marketing” in Google digital unlocked-2k20.
<p>Work experience</p> <ul style="list-style-type: none"> - Working as a Trainee in Globe Marine Service as Trainee from March 2025.
